LOSS OF 6 TO 9 FIREFIGHTERS = DELAY OF ADEQUATE MANPOWER ON FIRES

This increases the time it takes to initiate effective fireground operations

Ladder 93 no longer responds to your emergencies

LOSS OF LADDER 93 = 20% LESS FIRE APPARATUS RESPONDING

This could double the amount of time for Fire/EMS response when you need it most

LADDER 93 RESPONDED TO 832 CALLS IN 2008

How can loss of this response vehicle and personnel possibly be justified?

INADEQUATE RESOURCES = INADEQUATE SERVICE

Don't pay the price for poor decisions made at city hall

ONLY YOU CAN STOP THESE CUTS
